CC Docket No. 02-33

June 26, 2007

La Harpe Telephone ("Company") hereby provides notice that it plans to terminate provision of wireline broadband Internet access service (WBIAS) on a tariffed basis effective August 1, 2007 at which time it plans to offer permissive detariffed WBIAS on a Title II common-carriage basis pursuant to paragraph 94 of the Federal Communications Commission's *Wireline Broadband Order*¹. The Company currently offers WBIAS through Asymmetric Digital Subscriber Line ("ADSL") Access Service under GVNW Tariff F.C.C. No. 2.

In order to effect the permissive detariffing, the Company will make a tariff filing with the Federal Communications Commission on July 17, 2007 on 15-day notice to remove from its GVNW Tariff F.C.C. No. 2 ADSL Access Services (hereinafter "WBIAS") under the tariff effective August 1, 2007.

Impact on Customers

The only customer for the Company's WBIAS is the Company's affiliate nonregulated Internet Service Provider ("ISP") operation. The affiliate purchases WBIAS for use as a component in its broadband Internet service sold to consumers and business customers. The discontinuance of the tariffed offering of WBIAS will have no effect on the end user service provided by the affiliate.

Serving Area

The Company's provision of WBIAS is limited to its ILEC serving area in central western Illinois, La Harpe exchanges.

Future Availability of WBIAS on a Permissive-Detariffed Common Carriage Basis

The Company will continue to make WBIAS available on a common-carriage basis through posting of rates, terms and conditions on its Internet web-site in a manner similar to that required for interstate and international interexchange services under Section 42.10 of the FCC's rules (47 C.F.R. § 42.10).

¹ See *Appropriate Framework for Broadband Access to the Internet over Wireline Facilities, Universal Service Obligations of Broadband Providers*, CC Docket No. 02-33, WC Docket No. 05-271, Report and Order and Notice of Proposed Rulemaking, 20 FCC Rcd 14853 (2005), FCC 05-150 (Rel.
